

# CHANGE *of* VIEW

## LEARNING LOGBOOK

## What is the "Change of View Learning logbook" ?

The "Change of View Learning Logbook" is a tool for you to take notes of your learning journey of the "Reference frame on empowerment", and to self-assess your learning. This tool has been produced in the framework of the ERASMUS+ project "CHANGE OF VIEW". Using this Learning logbook, you will be able to analyse and self-evaluate your learning outcomes from the Reference frame on empowerment, which is presented in the form of PowerPoint files that can be downloaded free of charge online. The Learning logbook contains the following sections: "My pre-representations of the topics addressed", "My notes taken during the reading", "My solutions to the exercises", "My feelings and conclusions".

We invite you to use this Learning logbook to structure and store the knowledge you have developed after learning the content of the Reference frame on empowerment.

Have fun!
